By FML

A tired looking man dragged himself through his front door and slumped into a chair. His wife came out of the kitchen and looked at him with misgiving.

"Busy day at the office, dear?" she asked sympathetically.

"Terrible," he answered with a heavy sigh. "The computer broke down in the middle of the afternoon and we all had to think!"

The trend to ranch homes must be putting a lot of second-story burglars out of work.

—West Bend, Wis. News

105-106-106

A St. Louis newspaper has tested the U. S. Post Office's "ZIP Code" system and found it has speeded mail deliveries appreciably since its inauguration in July of 1963.

The Globe-Democrat mailed letters, some with and others without ZIP codes, to some 30 points in the St. Louis area and across the country. Arrangements had been made for the return of duplicate mailings.

"Most of the pairs of letters arrived simultaneously," according to the newspaper. "There was some variation, but in such cases the letters arriving first carried the conventional postal destination as frequently as they bore the ZIP code."

Burlington, Wis. Standard-Press

\$210,000 Worth Of Food In Year, Speaker Says

Cameron Rotarians Wednesday heard Lloyd Lamere, office manager of the Milam County Commodities Distribution program, report that the surplus food program annually distributes \$210,000 at a cost under \$12,000.

Introduced by program chairman John C. Andrus, Lamere told Rotarians that federal social security retirement funds and aid to dependent children and disabled in Milam County totaled about \$1 million last year.

He reported that Milam County Commissioners Court had rejected a federal food program under the "war on poverty" program which, he said, would have been more expensive to operate and include up to 75 per cent of Milam Counties.

Federal funds through monthly retirement and aid monies include \$1,941,144 in social security, \$1,200,000 in aid to dependent children, and an estimated \$720,000 in veterans funds annually.

"This does not include soil bank and other farm subsidy incomes," Lamere told Rotarians. A recent federal fund survey showed that about \$1.1 million was put into Milam's agriculture economy in a recent year.

About 2,400 persons are now on the surplus commodities food program in the county, inaugurated in 1955, Lamere said. As many as 3,400 persons have received commodities of butter, cheese, beans, rice and flour through the program on a given month.

He said visits are required four times annually to ascertain qualification for the list. A table controlling the amount to go to each individual is followed, Lamere said.

Most of the people on the surplus program are over 65, but they, like all participating, are limited to certain maximum in come to qualify.

"It is true that this is a welfare county," Lamere said. "That \$1 million is quite an industry in Milam County."

City Women Bowlers To Plan Tournament

The Cameron Womens Bowling Association will have the annual city tournament meeting at the Cameron Bowling Lanes at 7 p.m. December 8.

All members are urged to attend.

'AWAY WE GO' -- Buckholts halfback Tommy Gresak (20) clears Milano tackler James Cotton (10) while Buckholts quarterback Don Glaser (40) awaits contact with Milano gridgers. The Badgers kept a break-away pace going to defeat a fine Milano team 40-18 Saturday night before a near capacity 3,000 crowd at

Cameron's Yoe Field. It was the first Class B Bi-District playoff on Yoe Field and Buckholts 21st consecutive win. They play Abbott at West Saturday night for the Region III title, one of three in the state.

Exploring Earth's Surface McLerran Guides Project

A. R. McLerran has been promoted to Deputy Field Operations Chief for Project Mohole, the National Science Foundation-sponsored operation aimed at drilling a hole through the earth's crust and into the unexplored mantle beneath it.

In this capacity McLerran will supervise the research and development carried out by Brown & Root, prime contractor for the project.

As recently defined by Dr. Leonard J. Haworth, Director of the National Science Foundation, the primary function of Project Mohole will be the study of the earth as a planet, rather than as systems of continents, oceans or mountain ranges. The greater portion of the data required for this study will be obtained by drilling and core-sampling in deep ocean basins.

McLerran is a native of Cameron, the son of Mrs. A. R. McLerran, 1902 N. Harding, and the late Mr. McLerran.

Prior to joining Project Mohole, McLerran headed A. R. McLerran and Associates, Consulting Engineers. This permanent firm, formed in 1960, designed rig layouts, camps and transportation equipment for foreign operations in

such countries as Libya, Trucial Coast, Trinidad, Columbia and Mexico.

The firm also did consulting work for rig manufacturers and shipbuilders and supervised the assembly of rigs. One of McLerran's clients was Brown & Root, Inc., Project Mohole.

He is credited with the design of the Project's pipe-handling equipment, the special elevators and the hydraulic spider for the rotary table.

McLerran was employed by Ideco from 1959 to 1964. In 1964 he was promoted to Chief Engineer, and in 1964 he became Ideco's Chief Development Engineer. He holds seven U. S. and eight foreign patents covering oil field equipment.

McLerran graduated from Texas A&M with a B.S. degree in mechanical engineering in 1960. He is a member of the American Petroleum Institute American Society of Mechanical Engineers, American Society of Testing and Materials and the National Society of Professional Engineers.

Recently, Brown & Root, under the direction of NSF, awarded a contract to the National Steel and Shipbuilding Company of San Diego for construction of the Pro-

ject Mohole drilling platform. If the timetable holds, the platform should be ready for drilling in 1968. The site of the hole to the mantle will be about 100 miles north, northeast of Miami in the Hawaiian Islands.

Swanzy Appointed Masonic Deputy District No. 104

Robert A. Swanzy of 1902 East Sixth Street, Cameron, has been named District Deputy Grand Master of Masons for Masonic District No. 104, which includes five Masonic Lodges in Milam County.

Swanzy, who is with Lone Star Gas Company, is a Past Master of San Andres Lodge 170, Cameron. He is active in other Masonic organizations. Swanzy is a member of the Methodist Church in Tracy.

The appointment was made by the newly-elected Grand Master of Masons in Texas, H. W. Fullington of Odessa, as the 128th Annual Communication of the Grand Lodge of Texas was concluded in Waco December 2.

District Deputy Grand Masters are appointed for each of the 128 Masonic Districts of Texas to represent the Grand Lodge of Texas, which is the state's largest fraternal organization with nearly 250,000 members.

House Is Destroyed By Fire Wednesday

A house at 810 West 8th Street was destroyed by fire shortly after noon Wednesday. Origin of the fire was not determined immediately.

The house was owned by Mrs. M. A. Jackson and occupied by Edgar Bevins. Loss was estimated at \$1,000.

City Council To Hear Final Reading On Cable Franchise

Cameron City Council granted a franchise for construction of a cable to A&M Construction Co. of Bryan and work will begin following second and final reading at the council meeting next Tuesday.

A&M Construction Co. and R. E. Moseby & Co. of Houston had requested franchises for a TV cable in Cameron. A franchise previously granted R. E. Moseby & Co. had lapsed and been canceled by the city.

Spokesmen for the Bryan firm proposed "off-air" service, meaning pick-up of signals to be carried to TV customers direct from network programming, drawing in stations from the Fort Worth-Dallas area.

Work Continues On South Houston Bldgs.

Remodeling of buildings in the 200 block of S. Houston continues this week.

When construction work is completed, the block will house Anderson TV and Cameron Retail Credit in their present locations, Western Auto, Schut's, New Cameron Pharmacy and Berne's Dress Shop.

Santa To Arrive In City Parade, Open Yule Year March Opens At 3 Downtown

So, you'd better be good, I'm tellin' you now, 'cause Santa Claus is coming to town. He will ride through Cameron in his handsome red sleigh for the annual Christmas parade at 3 p.m. Saturday, December 4.

Bands, floats, marching units and decorated cars will guide Santa through downtown Cameron streets.

Decorations across downtown streets will add a holiday atmosphere for the annual parade

which officially opens the holiday season.

This year's parade will be one of the best in many years with 9 floats already registered. Rev. H. M. Howley, parade chairman, said that all floats competing for honor awards would follow the parade theme "A Savior Is Born". Winners will be announced and awards presented by Chamber officials at 4:30 p.m. Saturday on the courthouse square.

Floats have been entered by Bethel A.M.E. Church, Catholic Youth Organization, Cameron Gospel Tabernacle Youth, Cub Scout Pack 213, Primera Iglesia Bautista, Hope Lutheran Church, Lutheran League, First Christian Church, St. Anthony Parent-Teachers Club and First Baptist Church.

Others participating in the parade will be the Lions Club, Brownie Troop #33, Milam Tractor Co., Schiller Motors, B. F. Gaines Humble Products, Adams Chevrolet, National Guard, Yoe High Band and O. J. Thomas Band.

FOOTBALL MADNESS

(Part II)

EMPLOYEE OF MONTH -- Lloyd Rider, left, accepts the Cameron Chamber's monthly "employee of the month" award from Bill Crockett, trade development committee chairman while Anton

Anderle, owner of Anderle Lumber Co., looks on. Rider is the second winner of the award, the first going to Mrs. Joe Luce.

Viet Nam Brought Home

The war in Viet Nam seems far away from Milam County, Texas, but to relatives of servicemen in that area, the names of places like Nha Trang, Saigon and Hanoi have become as familiar as Buckholts and Burlington.

Communist fighting has intensified in recent days and Secretary of Defense Robert McNamara forecasts a long struggle in that area. Newsmen close to the scene speculate that the United States will boost the number of its military personnel in South Viet Nam from the present 165,000 to 300,000.

The Milam County Selective Service Board reports a December draft call of 8 will be issued and 34 will be called for physical examinations.

Following is a partial list of Milam County men now serving in Viet Nam. Special reports on others from the Milam area will follow.

Capt Joe Rex McClaren was awarded the Bronze Star last week for distinguished service in Viet Nam. Capt. McClaren has been an advisor for regional forces in Boreia, capital of Phuoc Tuy, Viet Nam, since June 29. The son of Mr. and Mrs. S. W. McClaren Jr. of Marlow, he is a graduate of Yoe High School and Texas A&M.

Major James Moriarty is a pilot in the U. S. Marine Corps stationed in Viet Nam. His wife, the former Dottie Green, and four children are making their home in Cameron while he is overseas.

Marines from Milam County now serving in the Viet Nam

area include Pvt. 1st Class Mack Lewis, son of Mrs. Verna Lewis, Cameron, Billy Joe Holte of Branchville; Pvt. 1st Class Larry Joshua, son of Mrs. R. B. McLendon, Cameron; Cpl. Melvin Bradley, grandson of Lillian Bradley, Cameron.

Sgt. Dennis K. Lagrone, son of Mrs. Norine Lagrone of Rt. 1, Milam, is with the 3rd Marine Regiment in the Le My area providing security for the air base at Da Nang.

Seaman Billy R. Crow, USN, son of Dan N. Crow of Davina, and Gunners Mate Third Class David C. Weber, USN, son of Mr. and Mrs. Jesse Weber of Buckholts, are serving aboard the attack aircraft carrier USS Bon Homme Richard which participated in operations in the South China Sea off the coast of Viet Nam.

Pfc Augustus Clark whose wife lives in Cameron, is in Viet Nam with the Army's new 1st Cavalry Division (airmobile). Clark is a cannoner in the unit which has been in Viet Nam since July 28.

Recently back from Viet Nam are Charles Ray Walston and Roy Vaughn.

Marine Cpl. Frank Dymke, son of Mr. and Mrs. Frank Dymke Sr. of Rockdale, is stationed on the USS Valley Forge aircraft carrier off Viet Nam.

Master Sergeant Frankie Zajick, son of Mr. and Mrs. Frank Zajick of Buckholts is in Viet Nam as a supply inventory supervisor. He is a member of the Pacific Air Forces which provide air offensive and defensive units in Southeast Asia, the Far East and Pacific. The sergeant is a graduate of Buckholts High School.

Personnelman Second Class Douglas R. Diver, USN, son of Mr. and Mrs. John Diver of Rt. 1, Milam, aboard the destroyer USS James E. Kyes, participated in a four-day gunfire support operation against Viet Cong positions, while operating with units of the Seventh Fleet off the Coast of Viet Nam in September.

Shipfitter Third Class Joseph E. Hesch, USN, son of Mr. and Mrs. George E. Hesch of Rt. 1, Buckholts, participated in the search for a plane downed in the Pacific on a flight from Nha Trang, Republic of Viet Nam to Taiwan. Hesch is serving aboard the anti-submarine warfare support aircraft carrier USS Bennington.

Airman Second Class Dan W. Brashear, son of Mr. and Mrs. J. W. Brashear of 506 W. Seventh, Cameron, is now in Viet Nam. He is an air policeman in Pacific Air Forces. Brashear is a 1962 graduate of Yoe High.

A. R. McLerran, Former Cameronite

Eplen's Continues To Pace Sunshiners

Eplen's Furniture continues to hold the lead in the Sunshine Bowling League this week with a strong win-loss record of 34 to 13. First National Bank is the closest contender with a record of 26 wins and 18 losses.

Eplen's also leads the league in high team three-game series with a total score of 2341. Irene's Embroidery follows with 2236 and Falstaff is in third place with 2208.

Irene's Embroidery takes over in the high team game standings with 840 followed by Milam Grain Co., 819, and Falstaff with 811 bringing up third place.

Annette Hillman is on top in high individual three - game series (scratch) with a score of 462. Barbara Kembrel is in second place with 458 and Irene Mees is close behind with 441.

Annette Hillman also leads in the high individual game (scratch) standings with 183. Ann Schuttie is in second place with 163 and Mary Tucker is just 2 points behind with a 161.

In the high individual three-game series (handicap) Pat Barker leads with a 609. Mary Tucker brings up the second position with 593 and Marie Tucker is in third place with 590.

Lucille Horstmann and Mary Tucker tie for first place honors in high individual game (handicap) with a 218 and Annette Hillman is close behind with 215.

Clarkson News-

By Mrs. J. A. Blasienz

Mr. and Mrs. Fred Starns and her mother, Mrs. William Kohring, were visitors of Mr. and Mrs. Walter Kohring and Mr. and Mrs. Alfred Kohring Thursday.

Mr. and Mrs. Louis Skala, Mr. and Mrs. Hubert Skala and Melvin were guests of Mr. and Mrs. Billy Ernst and son David of Barclay Thanksgiving Day. Other guests in the Ernst home were his mother, Mrs. Lizzie Ernst, also of Barclay, and Mr. and Mrs. Melvin Posvar and daughter Melinda of Cyclone.

Mr. and Mrs. Frank Paspicil and son of Jarrell visited her mother, Mrs. Frank Skala, and Jerry during the holidays.

Mr. and Mrs. Leon Klypas and son Gary of Buckholts and Mrs. Melvin Davis and daughter Kim of Waco, visited Mr. and Mrs. Otto Mayer and sons during the holidays.

Mr. and Mrs. D. D. Harrison of Dallas spent last weekend with her mother, Mrs. J. A. Blasienz.

Mr. and Mrs. V. W. Hauk and children Marilyn, Larry, Polly and Donnie, spent Thanksgiving Day with her mother, Mrs. Frank Ocker, in Rosebud.

Mrs. Joe Hauk and son Paul were guests of Mr. and Mrs. Jimmy Hauk in Buckholts on Thursday. Mrs. Joe Hauk also visited with Mrs. Vina Taylor while there.

Mr. and Mrs. Charles Burnett and children Wayne and Rene of Bryan spent Friday night with Mr. and Mrs. Hubert Skala and Kelvin.

Johnny (Chip) son of Mr. and Mrs. Lawrence Kostroun of Tem-

ple spent the past week with his grandparents, Mr. and Mrs. Otto Mayer, Terry and Jerry.

Mr. and Mrs. Jackie McCallum and daughter of Houston and Glenn Dodd, a student at John Tarleton College in Stephenville, spent the holidays with their parents, Mr. and Mrs. George Dodd, and family.

Mr. and Mrs. Amos Doskocil had as guests Thanksgiving Day their children, Mr. and Mrs. Billy Stuessel of Temple, Mr. and Mrs. Charles Hessefratz and son of Amarillo, Mr. and Mrs. Leonard Doskocil and children, and Mr. and Mrs. Amos Doskocil Jr. and daughter of Ben Arnold.

Clarence Dodd of Austin and Mr. and Mrs. Withers of Mayfield were recent visitors of Mrs. V. D. Dodd.

Mr. and Mrs. Leon Ernst had as guests during the holidays their sons Donald Wayne and Leon Ernst Jr., and Mrs. Ernst's brother and family, Mr. and Mrs. Hubert Janicek and son Pat, all of Dallas, and Mr. and Mrs. John Ernst of Barclay.

Mr. and Mrs. Jimmy Reynolds of Freeport and Mr. and Mrs. Rufus Reynolds of Lexington have been recent guests of Mr. and Mrs. Cullen White.

Henry Skupin of Houston and David Skupin, a student at John Tarleton College, spent the Thanksgiving holidays with their parents, Mr. and Mrs. Emil Skupin. Mr. and Mrs. Billy Surovik and children of Dallas also visited in the Skupin home on Sunday.

Mr. and Mrs. Cullen White spent the Thanksgiving holidays with their children, Mr. and Mrs. J. T. Sanders, Houston, Mr. and Mrs. Donald Ray White, Houston, Mr. and Mrs. Tom Tholen, and Jackie, Cypress, and Mr. and Mrs. W. R. Westerman, Martha and Kay Humble.

OUTDOORS IN TEXAS

By Vern Sanford

Fort Davis is a name well known to mule deer hunters everywhere.

It is in the Fort Davis area of Texas that the largest mule deer are found.

There is a reason, too. It is high country, surrounded by tall mountains and deep canyons. The valleys usually are verdant pastures of good grass. Browse on the sides of the mountains afford wonderful deer food.

Fort Davis itself is a small, quaint western town, with only a few residents, except during the summer months when many tourists go to the area because of its historic background.

Now that group of tourists will increase, because Fort Davis has become a national historic site, established by the Department of Interior.

It is one of 18 such national historic sites. Uncle Sam, through an act of congress passed several years ago, acquired 447 acres of land from private interests. This resulted in perpetuation of the few remaining buildings, and restoration of others.

Fort Davis was established as an army post back in 1854. At that time ownership of the property was claimed by John James, a San Antonio surveyor. The fort was constructed as an outpost to protect the Texas frontier and early travelers heading west for California.

It was named after Jefferson Davis, secretary of war seven years later Davis became president of the Confederacy.

Following the Civil War the fort, which had been surrendered to the Confederate troops in 1861, was reactivated and reconstructed, on land leased from James. Buildings were of stone and

verdant game paradise.

Besides the mule deer, there are so are whitetails.

Antelope play on the prairies and a few mountain lions are known to hide out along the high walls of the canyons.

Occasionally a bear sneaks into the country, in fact the only grizzly bear known to have been seen in Texas was taken not far from Fort Davis back in the late 1800s.

Between Fort Davis and Kent on U. S. 8, west, there are a few head of buffalo on the Ray-

nolds ranch. It is a great country for blue quail and a few wild turkey of the Rio Grande species.

This is an ideal area for hunting with a camera. Rockhounds also find many interesting formations in the upheavals that made the mountains.

Between Fort Davis and Marfa, on U. S. 293, there is the famous Big Bend National Monument, where every year the cowboys of the area hold their annual reunion.

IN THE SERVICE
FORT LEONARD WOOD, Mo. Army Pvt. David Reeves, whose father, Mr. Henry Reeves, lives in Cameron, completed a seven-week combat engineer course at Fort Leonard Wood, Mo., Nov. 26.
During the course Reeves received instruction in the construction and repair of roads, railroads and structures such as bridges. Reeves also received training in demolitions and mine warfare.
The 19-year-old soldier entered the Army in June of this year and completed basic training at Fort Polk, La.
He was graduated from O. J. Thomas High School in 1965.
Mr. and Mrs. H. D. Maxwell Jr. and children Carl, Laura and Clay of Home, La., visited in Cameron and Rockdale over the Thanksgiving weekend with Mr. and Mrs. H. D. Maxwell Sr. and Mr. and Mrs. Carl Black.

Loans Granted Coop's Under EO Program

Farmers Home Administration Economic Opportunity loans totaling over \$2 million have been made this year through Septem-

ber 30 to 176 rural cooperatives serving some 10,000 low-income people in 25 states, including \$3,800 to two Texas groups, L. J.

Cappelman, state director, reported today.

"Most of this credit is extended in the form of small loans to finance a variety of cooperative enterprises—all designed to increase the net income of farm and other rural people throughout the United States," Cappelman explained.

Economic Opportunity loans to cooperatives serving rural families carry 4 1/2 percent interest and are scheduled for repayment over a period not exceeding 30 years.

Farmers Home Administration loans to cooperatives serving families in Texas are for group owned farm machinery.

The majority of such loans made throughout the United States have been to finance small machinery cooperatives that provide needed agricultural equipment member farmers could not otherwise obtain.

The Texas Farmers Home Administration director emphasized that he foresees great potential in the Economic Opportunity loan programs since they are capable of putting new economic muscle into the rural economy.

The agency's other Economic Opportunity loan program has provided individual loans totaling \$1,659,790 to 1,002 Texas families for developing small farm and nonfarm enterprises.

Application for this and other kinds of rural credit are made at Farmers Home Administration offices serving every Texas county.

GA's Form County Group At Meeting

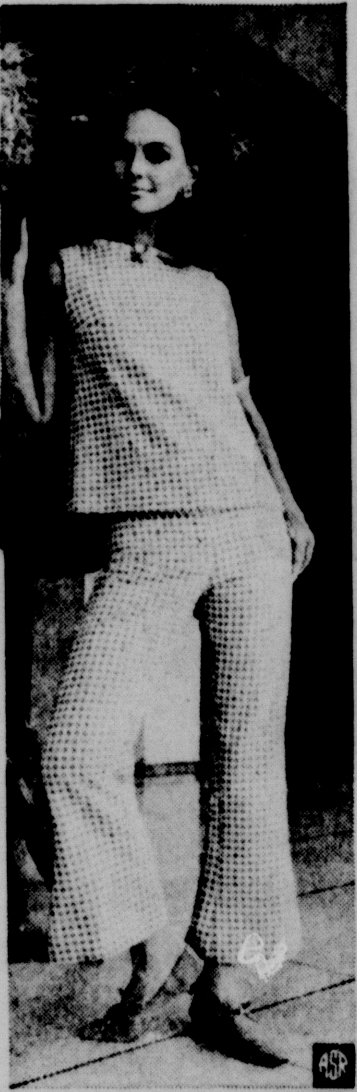

The Girl's Auxiliary of the Milam County association held their first meeting at the Meadowbrook Baptist Church. Mrs. James Terry of San Gabriel presided and announced plans of future meeting dates for the G.A.'s.

Nominations for officers were taken and voted on as follows: Angela Lynch, Rockdale, president; Sara Arthur, Cameron, vice president; Betty Whitley, Cameron, secretary; Lynette Terry, San Gabriel, assistant secretary; Juanita Muston, Rockdale, prayer director; Jeanne McDaniel, Cameron, community missions director; Kay Farmer, San Gabriel, mission study director; Bonnie Muston, Rockdale, stewardship director; Sara Arthur, Cameron, pianist.

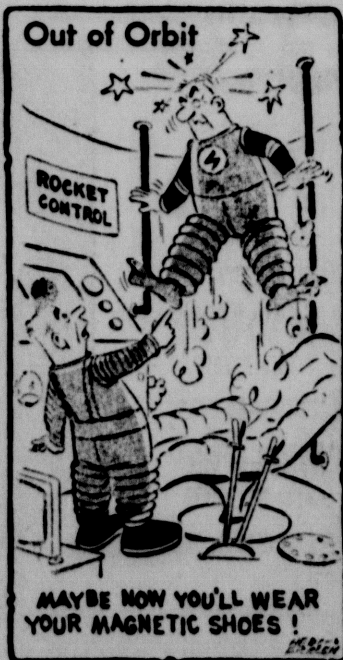

Indoor-outdoor winter sports cut crisp new figures in young fashions of pure wool knit. The ski-master's sweater (above) is awarded the Wool Bureau's quality mark. Its ribbed turtle neck and link cable stitch accent the shoulder line and sleeves.

Leisure-hours ensemble (right) is ideal for après ski as well as active sports or "at home" wear. Top and trousers are quietly belled. Trim drawstring neckline adds a touch of femininity to the shaped, sleeveless top. Style and comfortable warmth are two reasons for the current popularity of pure wool knits.

Mrs. Emory B. Camp leaves this weekend for Pittsburg, Penna. where she will visit her daughter and son-in-law, the Harry Johnstons.

Disaster workers and victims are served by the Salvation Army from a mobile disaster canteen at the scene of a holocaust. During tornados, floods,

hurricanes, fires, and other disasters the Salvation Army - now seeking funds in North Milam County, has served Texans throughout the years.

Cotton Leaders To Hear Report On New Program

A team of experts from the U.S. Department of Agriculture headed by Under Secretary John Schnitker will be in Dallas December 11 to explain to the cotton industry the complexities of the new government cotton program.

PERSONALS—

Mrs. Berta Caddell had as her guests for the holidays David Roy Lewis from Texas A&M University, Mrs. Theresa Liverman and sons Casey, Randy and Danny of San Antonio, Miss Donna Reed of Fort Worth, Mr. and Mrs. James W. Duncan, Joe Michael Lewis, Mr. and Mrs. Billy Ray Duncan and son Billy Jr. and Charles Everett, all of Fort Worth.

Enjoying turkey dinner at the E. H. Kahlers Thursday were the Ernest Kahlers of Pasadena, Dr. and Mrs. Clayton Kahler of Dallas and the James Kahlers of Cameron.

Mr. and Mrs. Andy Springer of

Burriss C. Jackson, Hillsboro, chairman of the American Cotton Congress, said the all-day meeting was arranged at the mutual request of USDA officials and leaders of various segments of the cotton industry. The meeting will begin at 9:30 a.m. in the Statler-Hilton Hotel.

Schnitker will be joined by Joseph Moss, director of the USDA's cotton policy staff, and officials of the Agricultural Stabilization and Conservation Service, which administers government farm programs through county offices.

Jackson said the clarification of regulations of the recently enacted Food and Agriculture Act of

1965 comes at a time when producers, ginners, oil mill crushers, merchants and spinning mills must make plans for the 1966 season. "Some cotton will be planted in less than three months in the Lower Rio Grande Valley of Texas," Jackson said. Arrangements must be made now for the next crop even though some five million bales remain to be harvested in the current season.

Several provisions in the law are new concepts in government programs for cotton including the transfer of allotments by lease or sale; direct subsidy payments to producers and changes in the skip-row planting patterns and the release and reapportionment regulations governing allotments.

Penney Employees Draw Bonus

Associates at the J. C. Penney Company department store will receive a special Christmas payment Monday, Dec. 6.

Manager J. C. Friesenbahn explained that the payment will go to regular and part-time associates employed on or before Dec. 31, 1964, with the exception of members of the management staff.

CCC Members Plan Holiday Party

Invitations will be mailed this week for the Cameron County Club Christmas party to be held Saturday, December 11. Music will be provided by Jack Ream's band.

Hosts for the party will be Mr. and Mrs. John Farver, Mr. and Mrs. Charles Chandler, Mr. and Mrs. W. C. Wallace, Mr. and Mrs. James Lester, Mr. and Mrs. E. B. Baggett and Mr. and Mrs. Leonard Green Jr.

Delta Kappa Gamma Annual Party Dec. 4

Beta Nu and Beta Beta Chapters of Delta Kappa Gamma will meet at Hamilton house in Waco Saturday, December 4, for their annual Christmas party and program.

Business meeting will begin at 10:30 a.m. Leaders are Miss Bertha Pendergrass of Beta Nu and Mrs. Lelia Craddock of Beta Beta. Special music will be under the direction of Beta Beta, and Beta Nu will present the program. There will be an exchange of presents, and luncheon will be served at 12 noon.

Three Arts Club To Attend Baylor Play

Members of the Three Arts Club and their husbands will attend the Baylor Theatre production of the play "J.B." in Waco Saturday evening.

The theatre party will take the place of the Club's December meeting.

Waco Garden Clubs Sponsor Christmas Home Tour, Bazaar

Waco Council of Garden Clubs is sponsoring a Christmas Tour and Bazaar Wednesday, December 8, in the homes of Dr. and Mrs. George W. Perry - 1221 Perry Road, Mr. and Mrs. C. P. Lupton - 7415 First Pond Road, Mr. and Mrs. Claude R. Perry - Sherwood Forest, Dr. and Mrs. Bill G. Williams - 5200 Lake Jackson, Mr. and Mrs. George W. Williams - 415 Mt. Lookout Drive.

Each of the homes will be decorated for the holidays and open from 11 a.m. to 5 p.m. with the exception of the George W. Williams' home where the hours are 1 a.m. - 5 p.m., during which time a flower show staged by Belle Fleur Garden Club of Waco will be presented.

Tickets are \$2 per person for the tour and will be available at the door of each of the homes.

BIRTHS

To Mr. and Mrs. Joe A. Tomek of Rt. 2, Buckholts, a boy, George Paul, 8 pounds 9 ounces, born 5:30 a.m. Nov. 25 at St. Edward Hospital.

To Mr. and Mrs. Gabriel Rocha of Cameron, a girl, Eloisa, 7 pounds 6 ounces, born 11:38 p.m. Nov. 27 at St. Edward Hospital.

To Mr. and Mrs. Carl Glenn Goetz of Thorndale, a boy, Casey Galen, 6 pounds 10 ounces, born 7:10 a.m. Nov. 28 at St. Edward Hospital.

CARD OF THANKS

We wish to express our thanks for the many kind expressions and deeds at the time of our sorrow. The food, flowers and messages of condolence were sincerely appreciated.

The family of
Mrs. Albina Wohleb

Mrs. John E. Walker

Miss Newton Weds Mr. John Walker In Home Ceremony

White mums in gold containers and greenery decorated the W. O. Newton Jr. home in Belton for the wedding of their daughter, Mary Ann, to Mr. John E. Walker at 4 p.m. November 25.

The bride is the granddaughter of Mrs. W. O. Newton of Cameron. Her great aunts are Misses Beth and Mabel Jeter, also of Cameron. The bridegroom is the son of Mr. and Mrs. D. A. Walker of Sarasota, Fla.

Dr. Joe Weldon Bailey of Waco performed the double ring ceremony. Traditional wedding music was provided by Miss Juanita Claiborn and Mr. Richard Havens, both of Belton.

Given in marriage by her father, the bride wore a floor length gown of white crepe with scooped neck and short sleeves. Her veil of illusion was edged with lace and she carried a bouquet of split carnations centered with an orchid.

Mrs. Raymond Caffrey of Belton

was matron of honor. She wore a street-length dress of gold brocade and carried bronze mums.

Mr. Carl Riley of Waco served as best man.

The bride's mother wore a peacock blue dress of sheer wool and the groom's mother chose a cranberry wool dress. Both wore orchid corsages.

A reception immediately followed the ceremony. Gold taffeta covered the serving table which held a centerpiece of white mums and gold leaves.

Misses Becky and Pat Gallagher of Waco registered guests.

Assisting in the houseparty were Mrs. Coleman Street, Mrs. Albert Gallagher, Mrs. Johnnie Madison, Mrs. Harold Hargrove, Mrs. H. C. Spitzer and Mrs. Fred Howell.

The bride is a graduate of Baylor University where she was a member of Keppa Theta social club, Beta Gamma Sigma honorary business fraternity and Beta Alpha Psi, honorary accounting fraternity. Mr. Walker attended the University of New Hampshire where he was a member of the freshman track team and social chairman of his dormitory. He is

Praline Pumpkin Pie Festive

When the Indians taught our Pilgrim fathers how to grow "pompions," little did they realize that Pilgrim homemakers would turn this fruit of the gourd family into pumpkin pie! This all-American favorite is still made in the manner of those early "recipes"—but its preparation is streamlined ease. Modern-day pumpkin comes cooked, pureed and neatly packed, ready to use at the twist of a can opener. Equally important for perfect pumpkin pie is the richness that pours from a can of evaporated milk to make the smooth custard-like filling. A noteworthy and festive addition is the crunchy praline topping.

Praline Pumpkin Pie

2 eggs
1 can (1 lb.) pumpkin
¾ cup firmly packed light brown sugar
¼ teaspoon salt
1½ teaspoons pumpkin pie spice
1 tall can evaporated milk (1½ cups)
9-inch unbaked pastry shell
2 tablespoons butter
½ cup firmly packed light brown sugar
½ cup chopped pecans

In a medium size mixing bowl beat eggs slightly. Stir in pumpkin, ¾ cup brown sugar, salt, spice and evaporated milk, blending well. Pour into pastry shell. Bake in preheated hot oven (425° F.) 15 minutes; reduce temperature to moderate (350° F.) and continue baking 45 minutes longer, or until done when tested. Cool on rack. Shortly before serving time melt the butter in a small saucepan. Remove from heat; stir in ½ cup brown sugar and pecans. Sprinkle evenly over pie. Place pie under broiler heat until topping is bubbly, about 1 minute, watching carefully so mixture does not burn. Serve warm. Makes 6 to 8 servings.

PERSONAL MENTION

George Bowman II was home in time for Thanksgiving dinner with his family. He has been an exchange student in Holland and plans to enter college in January.

Mrs. J. J. Heitmann, well known in this area for her creative Christmas decorations, presented a program on holiday decorations for the Hearne Garden Club Wednesday and will give a similar program for the Civic Garden Club in Cameron next week.

Mrs. B. Slocumb, long-time Cameron resident, is now living at the presently attending Baylor University.

Following a wedding trip the couple will make their home in Waco.

Regis in Waco.

Mr. and Mrs. John Henderson Jr. and children were Thanksgiving visitors of Mrs. Henderson's parents in Rusk.

Abilene were in Cameron for Thanksgiving with the Johnny Grahams. Mrs. Springer is the former Becky Graham.

Visiting over the Thanksgiving holidays with Mr. and Mrs. Elmer Tittsworth were Mr. and Mrs. Harvey Tittsworth and daughters Joan and Susan of Deerfield, Ill., Mr. and Mrs. Black and daughter Jeana of LaPorte, Mr. and Mrs. E. V. Bravenc of Pasadena, Mr. and Mrs. C. Tittsworth, Tim, Jim and Tina and Dr. and Mrs. R. M. Tittsworth and Patsy of Cameron, and Mrs. Doris Ramsey and son Ricky of Victoria.

Mr. and Mrs. S. L. Cowan have moved into their new brick home at 301 N. Fannin in Cameron.

Visiting Mr. and Mrs. David Bryan for Thanksgiving were his sister, Miss Mary Bryan of Houston, Mr. and Mrs. George Bryan and family of Austin and Mr. and Mrs. C. D. Murphy and children of Tulsa.

Mr. and Mrs. Bassel Wilson visited his sister, Mrs. Edna Mae Evans, in Richardson for Thanksgiving dinner.

Other Thanksgiving guests at the Maxwell's and the C. R. (Roy) Law's in Cameron were Mrs. Julie Vern Law and sons Sam and Dick of Houston.

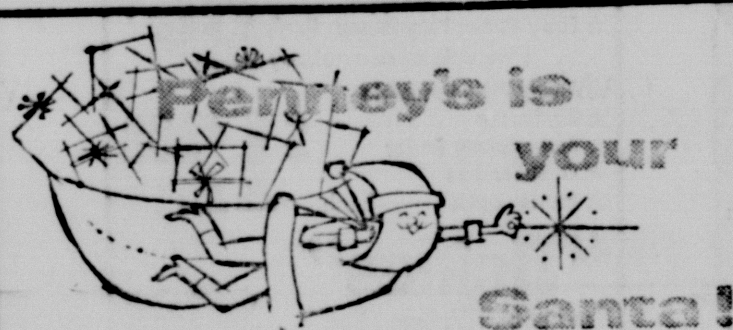

Cameron Services For Mrs. Carleton

Mrs. Willie Carleton, 99, died at 7 p.m. Monday, November 22, in a local hospital. Funeral services were held at 3:30 p.m. Tuesday from the Marek-Burns Funeral Home with Rev. Bob Wimberly, Rev. William B. Waldrop and Rev. James Lafferty officiating. Burial was in Corinth Cemetery.

Mrs. Carleton, widow of a Confederate veteran, was born July 28, 1866, in Clarke County, Miss. Daughter of Benjamin F. and Virginia Tardy Evans, she was married to James M. Carleton Jan. 13, 1887. Mr. Carleton died in 1914. She is also preceded in death by two sons and survived by two sons, Victor H. Carleton and Luther Carleton, and a daughter, Miss Mary Carleton, 3 grandchildren and 5 great-grandchildren.

Pallbearers were Harold Love, R. J. Woodward, Dr. Gus Evans Jr., Morris Evans, Bassel Wilson and Roy Hensley.

THORNDALE PUBLIC SCHOOL ELIGIBLE FOR FEDERAL FUNDS

The Thorndale Public School is one of the schools in the Central Texas area to request \$4,500 under Title I and \$1,000 under Title II to benefit the school children which is being provided under the federal Elementary and Secondary Schools Acts.

The federal funds allocate \$70 million for Texas' 1,350 school districts. The allocation for each district is based on population and income figures.

The monies, the biggest part—about four-fifths under Title I—is designed to assist educationally deprived children, those from low income families. A family is considered a low income one if its annual income is under \$1,000.

The other one-fifth of the assistance is designated under Title II which is used to improve school library resources in books and visual education aids.

Each school system is declared eligible for a sum based on census figures, however, before a grant can be approved, the district must draw up detailed plans for its use based on actual needs within the district.

The go ahead signal is left up to the Texas Education Agency which studies each proposal for approval and actually allocates the funds within the state.

Typical elements in district programs include remedial reading programs, remedial reading

ing and language arts instruction. Teachers use a variety of educational aids, experienced oriented field trips, a number of audio-visuals, guidance counseling, special funds for clothing, etc.

Application for funds under the Title II part of the program which is used for library improvement is a simpler process because it does not require highly detailed program planning.

The Thorndale School should know in the near future whether its request for these funds will be approved.

Zane Stigall Aboard U-2-Jacked Plane

Zane Stigall was aboard the National Airlines jetliner with 30 others last Wednesday night when Thomas Robinson, 16, a high school honor student and son of a college professor of Brownsville, attempted to force the pilot to go to Cuba to assist the anti-Castro political prisoners.

After firing several shots in the floor of the plane, Robinson was subdued by other passengers. The plane, about 100 miles from New Orleans, returned to that city where officers took charge of young Robinson.

Stigall, son of Mr. and Mrs. William Stigall and son-in-law of Mr. and Mrs. Joe Adamek, was en route to Florida on business.

Buckholts, Abbott

To Meet Saturday

For Regional Crown

The Buckholts Badgers and the Abbott Badgers square off at 7:30 p.m. Saturday at West for the Region III state title. The Badgers won the Regional crown last year beating Irrel 52 to 24.

Buckholts met Abbott last year in a red-district game, and topped the Panthers 52 to 14. The Badgers, holding a 21 game winning streak, beat Milano in Bi-District Saturday.

Abbott, with a 6-5 season record has scored 50 points allowing their opponents only 113. Average points made per game is 34.

Starting lineup for the Badgers is Frankie Tomasco, center; Larry Kudzeck, left end; James Jones, right end; Calvin Shuler, half back; Tommy Gresak, wing-back; Don Glaser, quarterback.

Soil Texture Prime Fact In Water Use

COLLEGE STATION

Soil texture has much to do with cotton's utilization of irrigation and rain water, recent studies in Texas show.

Dr. C. J. Gerard and L. N. Namken, associate soil physicist and soil scientist, respectively, at the Lower Rio-Grande Valley Research and Extension Center near Wes-

laco, have conducted experiments which show that water management requirements of cotton depend on soil texture and related rooting characteristics of the plants.

Gerard said that on medium-textured soils, cotton develops an extensive root system able to extract water to depths of 4 to 5 feet. Moisture depletion patterns on fine-textured soils indicate that soil moisture extraction is largely restricted to the soil's upper 2 feet.

Summer rainfall, he said, often supplies enough water to produce 80 to 90 per cent of cotton yield potential on medium-textured soils. On the other hand, rainfall provides water for only about 50 per cent of yield potential on fine-textured soils.

Gerard and Namken are members of the Texas Agriculture Experiment Station and cooperators with the USDA.

Yoemen Drop Regional To Bellville Brahmas

By Eddie Houtmann

A long run of Yoemen victories ended Friday night when the Bellville Brahmas took a giant leap toward the state crown defeating Cameron, 34-16.

Fumbles and penalties forced by the hard-hitting Brahmas turned the game against the Yoemen in the first quarter. "Bull" McDaniel lost possession of the ball, couldn't get rolling and the Yoemen Head Coach George Kirk said, "I am extremely proud of my Yoemen because we've found in each of our games all season long."

Bellville Coach Duane Dean said the aggressive, hard-nosed Cameron team was as good as any club the Brahmas had met this year. Bellville will play Needville this week, a penetration winner over the favored Fort Acres team in a 6-0 tie last Friday night.

FIRST QUARTER

The Yoemen win the toss and elect to take the 30 mile per hour north wind, leaving the Brahmas. Bellville is held to only 9 yards taken by Ted Koy and Ed Knolle in 3 downs. They punt on the first play returns the ball to the Brahmas on the 4.

With a first down and ten yards, Ted Koy moves down to the 35 for a 15 yard gain but a motion penalty puts the ball back to the 30 and nullifies the play. Edward

Burleson runs the ball to the 35 then Koy goes inside the tackles to the 41. Again a motion penalty nullifies the run and the Brahmas move back 2 yards. Dittmar carries back to the 35 and then to the 33 where his pass to Ronnie Rudloff at the end zone scores a touchdown. The extra point try fails and Bellville leads 6-0.

The Brahmas kick off to the Cameron 43 where "Bull" McDaniel carries for 2 yards. A Yoe clipping penalty returns the ball 15 yards to the 38. McFarland moves 4 yards to the 39 and Donald Manley gets 3 yards to the 45. On fourth down Bill Goeke punts to the Bellville 1 yard line.

Ted Koy takes charge and scrambles 9 yards in 3 plays. On fourth down the Brahmas go back to punt, but Koy fumbles and the ball rolls out of the end zone for a Yoemen safety. The scoreboard reads Bellville 6, Cam-

eron 2.

Koy punts from the 20 and Donald Manley returns 25 yards to the Yoemen 30. "Bull" gets 2 yards to the 28. Another play nets 8 yards to the 27. McDaniel goes to the 17 for a 3 yard pickup. Mack McKinney gets 6 yards to the 11, runs to the 4, to the 1 and then to the 1. He is stopped on a try across the goal with 33 seconds left in the first quarter. Donald Manley gets across for the first Yoe touchdown. The try for extra point is no good and the scoreboard reads Cameron 8, Bellville 6.

SECOND QUARTER

Bellville receives and moves to the Cameron 45 in 3 drives. Tommy Dittmar loses 3 yards back to the 47 and then is pushed back to the 46. A third down pass goes incomplete and Bellville punts to the Cameron 10 yard line. McKinney is stopped for no gain. McDaniel goes for one yard and Doug McFarland gets away for 8 yards to the 19. A motion penalty against the Yoemen returns the ball and the Yoemen are forced to punt from the 11.

Burleson receives for the Brahmas on the Bellville 46 and moves to the 49. Ted Koy carries to the 29 and Bill Knolle goes 4 yards to the 25. Koy adds 2 yards to the 23, and Dittmar goes to the Cameron 17 and a first down. Drives by Burleson, Dittmar and Knolle go to the 1 yard line where Ted Koy picks up the final yard for a touchdown. The extra point is good and the scoreboard reads

14-8.

A kick-off into the end zone puts the Yoemen on their own 20, and Daniel is pushed back to the 19. McFarland gains 3 to the 16. McKinney sprints around end but fumbles on a hard tackle and Bellville recovers on the Cameron 30. Dittmar moves 5 yards in 2 plays. A pass is incomplete and the Brahmas try a field goal but it goes wide to the right and is no good.

Cameron takes over on their own 20. McDaniel goes to the 23. McKinney starts around end, is pulled down and laterals to Manley for a 9 yard net. A clipping penalty on the following play moves the ball back and the second quarter ends.

THIRD AND FOURTH

In the third quarter Dittmar recovers a fumble on the Cameron 27 and the Brahmas push to the 5 yard line. Koy goes the distance for a touchdown, but a clipping penalty returns the ball. Two plays later the Brahmas score again on a Dittmar pass to Stanley Jackson. The PAT is good and the Brahmas lead 29-8. Late in the third quarter Cameron recovers a Bellville fumble then loses the ball back to the Brahmas in a fumble on their second play.

In the first minute of the fourth Dittmar runs 69 yards for a touchdown. The scoreboard reads Bellville 27, Cameron 8. Later a McKinney pass to James Hoskins is intercepted by Burleson and run for a touchdown. The PAT is good and the scoreboard reads Bellville 34, Cameron 8.

The Yoemen start again from the 20. Newton Burnett snags a McKinney pass and is brought down on the 45 for a 25 yard gain. Another pass to Burnett adds 10 yards. The next pass is incomplete. Eugene Zaesla leads the next pass and is brought down on the 30. Hoskins runs to the 8 and then to the 2 but a 5 yard penalty puts the Yoemen back on the 7. Hoskins again goes to the 2 and again to the 1, and McDaniel covers the final yard for a Yoe touchdown with 1:05 minutes left in the game. The PAT is good with a pass to Zaesla and the final scoreboard reading is Bellville 34, Cameron 16.

ALL-STATERS

Fullback Mike McDaniel

Star-Telegram's 1st Team AA All-State

2 Yoes All AA

Fullback Mike McDaniel and quarterback Mack McKinney Wednesday made the first announced AA all-state honor team, this one named by the Fort Worth Star-Telegram.

McDaniel was named as a halfback, among three fullbacks, on the Star-Telegram's AA all-state eleven. He was one of three fullbacks, including Ted Koy, the 197-pound powerhouse of Bellville's regional champs, and Milford Wiley of Ballinger who averaged 5 yards per carry and led that AA club's defense.

HONORABLE MENTION

McKinney was one of nine quarterbacks of A powers who were named to mythical all-state honorable mention among quarterbacks.

Said George Wallace, sports writer of the Star-Telegram: "The quarterback crop in 2A was especially strong this year. In addition to (Robert) Dawson, other standouts are Bill Fondren of Plano, Mack McKinney of Cameron, Clifford Carlin of Port Acres and Teddy Gillum of Lake Worth."

Wallace described the daily "battle selections." "An all-senior lineup, featuring two gigantic ends and four superb backs, make

up the Star-Telegram's 1965 Class 2A all-state high school football team."

McDaniel's 100 yards rushing and 11 touchdowns put him in the backfield with key and wily. Koy garnered 1,501 yards and scored 17 touchdowns as well as punting a 39-yard average and making seven tackles a game, the Star-Telegram reported.

McKinney and the other honorable mentions pushed Iowa Park's Robert Dawson for the first team berth, as did McDaniel and Wiley for first team fullback.

THREE FULLBACKS

Said Wallace: "Wiley and McDaniel are fullbacks, but they were shifted to halfback in an effort to get the three best players at the running back positions."

Coach George Kirk and his staff were elated by the all-state selections. So was Cameron.

Other AA players from Central Texas named to the honorable mention included: John Herdt of Giddings; Tommy Gerik of West; Eddie Chalmers and Larry Lawlers, both of Marlin.

Bellville, 3-16 winner over Cameron last Friday, placed three other players on the Fort Worth daily's honorable mention list. They are: Donald Eubank, Daniel Eckermann and Bill Knolle.

OJT Heading For Trinity Game First Regional

The O. J. Thomas Bulldogs will meet Trinity Saturday night for a regional contest that will begin at 8 p.m. The Bulldogs stomped the Cleveland Dragons in Bi-District play Wednesday night at Yoe High Field with a final score of 40-6.

The Bulldogs played almost perfect football against the Cleveland Dragons leading a scoring parade that started when QB Kelley hit fullback Joe Holloway on a delayed pass which he ran 60 yds. for the first TD. The try for the two point conversion by M. G. Young failed.

The Bulldogs broke the game wide open in the second quarter. Leonard Knight scored on a four yd. run, Kelley passed to Holloway for the extra two points. Larry Ray intercepted a Dragon pass and rambled 70 yds. behind perfect blocking for a score. Kelley's pass to Ray was good for another two points. Kelley connected again to Johnnie Holloway late in the second quarter for a 35 yd. pass and run scoring again. The Bulldogs were leading the Dragons 22-0 at the half.

The second half opened with the Bulldogs kicked to the Dragons. The Dragons played determined football in the third quarter controlling the ball for more than 8 minutes of the third quarter before the Bulldogs took over on downs at the two yd. line. The defensive play of Eddie Johnson, Jimmie Johnson, Hubert Canady, Freddie Townsend, Eddie Stephen, Rogers Petty, Edward Aycox, J.L. Williams and M. G. Young was outstanding throughout the game.

The Dragons' lone score came in the third quarter when they blocked a Bulldog punt on the one yd. line.

In the fourth quarter fullback Joe Holloway and right half L. Knight scored on good runs. Final score was 40-6.

Operation Teenager Is PTA Program

Safety Highway Patrolman Tip-pit of Hearne will present a two and talk on "Operation Teenager" for the Cameron Parent Teenagers Association meeting tonight. The program will be directed to parents with children of any age.

Meeting time is 7:30 p.m. at Ben Milam School.

7 Buckholts Seniors See 43-5-1 Record In 6 Years

Seven Buckholts seniors will play their last game in a long winning tradition Saturday night when they play the Abbot Panthers at west for the region III six-man championship.

They are Frank Tomascik, Tommy Gresak, James James, Calvin Shenkir, Don Glaser, Larry Kudlacek and Robert Davis.

Coach Jimmy Hawk reports that during the six years these youngsters have been playing junior high and senior high football, Buckholts teams have amassed a total of 43 wins, five losses and one tie.

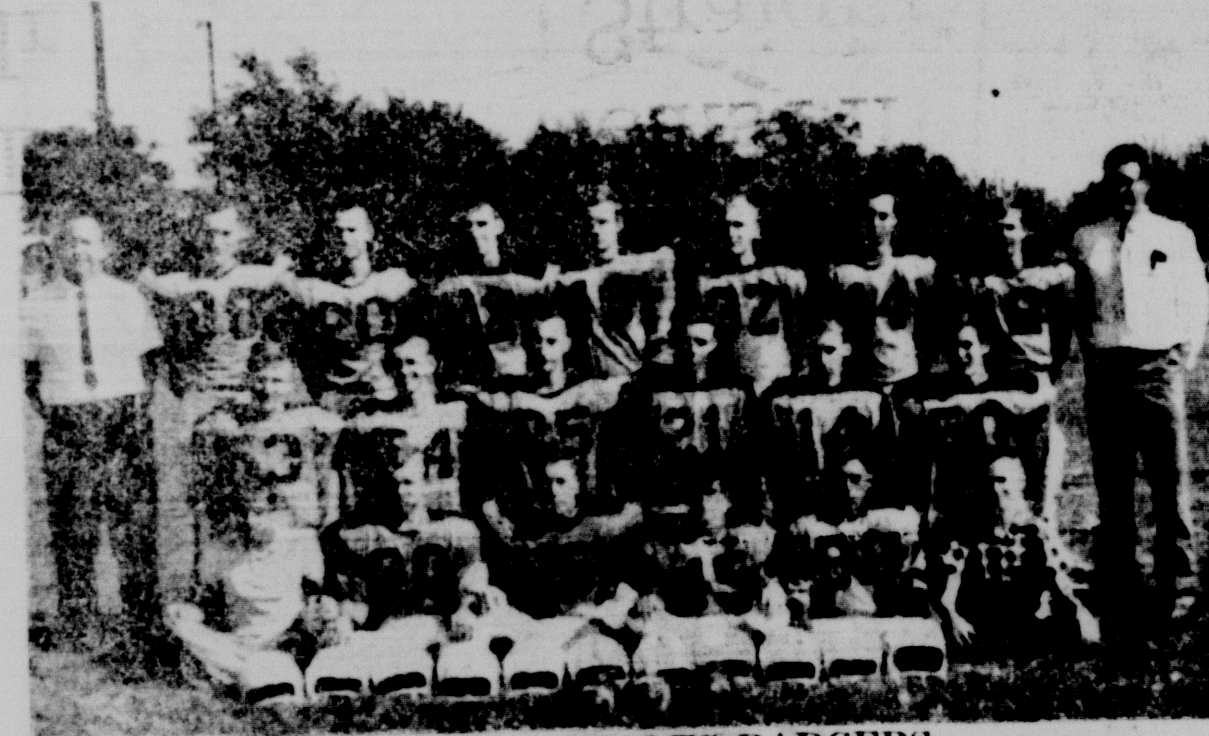

They added to the win skein last Saturday night as Buckholts defeated the Milano Eagles, 40-18, for the Bi-District playoff in Cameron.

The seven Buckholts seniors won 19 games and lost none when they were part of a 1960 junior high team at Buckholts. As freshmen, they were part of a team that had an 8-2 record.

As sophomores, the Badgers had a 4-1 record, but during the past two seasons have won 21 consecutive games.

Calvin Shenkir has been one of the leaders in the Buckholts football fortunes, having made all-district three years.

The regional game at West against Abbot will be one of three Class B regional games in the state. Buckholts defeated Iredeil last year for the same regional title. Class B grid teams play no games beyond regional competition.

1965 BUCKHOLTS BADGERS

Buckholts Defeats Milano In Badgers 21 Straight Win

The mighty Buckholts Badgers rolled to their 21st consecutive win on Yoe High Field last Saturday night as they downed the Milano Eagles 40-18 to capture the Bi-District Championship.

The Badgers thus won the right to meet the Abbott Panthers Saturday, December 4, at West.

Buckholts won the toss and elected to receive. But Milano's defense was too tough for the Badgers and Buckholts was forced to punt. It was a 25 yarder and turned out to be Buckholts' only punt of the night. After Milano was stopped, they too punted. But Calvin Shenkir snatched the ball at his own 21 and blazed 59 yards for a touchdown putting Buckholts out front 6-0. His PAT attempt failed. This marks the second straight game that Shenkir has either returned a punt or fumble recovery for a TD.

The Badger defense racked up two extra points for Buckholts by smothering Will Jones in the end zone for a safety with about 2:13 left in the first quarter, giving the Badgers an 8-0 lead.

Tommy Gresak picked up one of two Badger second period scores on a 2 yard run, capping a 33 yard Buckholts drive. PAT kick failed once more and Buckholts enjoyed a 14-0 lead. Milano scored 5:47 minutes deep into the second quarter on an Allen Woods to Will Jones 46 yard touchdown pass. Their PAT kick also failed, leaving the score 14-6, the closest the Eagles ever got to the Badgers.

Then, with little over 2 minutes to play, the Badgers scored on an 11 yard run by Calvin Shenkir after James James set up the play on a 21 yard pass from Don Glaser to the Eagles 11. This gave Buckholts a 20-6 lead. A recovered on-side kick by Buckholts gave the Badgers another chance to score, but two plays later a Badger pass was intercepted on the Eagle 16 and a Badger drive was thwarted. The Eagles were again the victims of a vicious Badger defense as Allen Woods was chased and tackled in the end zone. Woods fumbled and recovered in the end zone. The two points

put Buckholts out front by a 22-6 score at halftime.

In the third period Shenkir scored two TD's on runs of 11 and 43 yards. Algie McGowan picked up Milano's only score on a run on 25 yards along the sideline. Larry Kudlacek scored a Badger touchdown on a 15 yard pass from Don Glaser, capping a 53 yard drive. Then it was the Badger B. Unit's turn. The B. Unit was in after Kudlacek had intercepted a Milano pass at the goal line. McGowan picked up a 5 yard run for the final Milano score. The final score was Buckholts 40, Milano 18.

Rogers To Quarter Finals After Dropping Elkhart, 14-6

Rogers, the surprise powerhouse of Central Texas football, travels to Hillsboro Saturday night to challenge fifth-ranked 1-A juggernaut Wills Point in the new Hillsboro High School Stadium.

The Eagles upended Elkhart 14-6 in an upset that proved Rogers staying ability and earned Rogers 10th consecutive win and their first regional football championship in the town's history.

Rogers lost the first two games of the season to Waco Reicher, Catholic high school powerhouse, and Rosebud in early games, but started the current ten-game winning streak with their first win over Lexington.

EAGLES PREVAIL

Last Saturday night, powerhouse Elkhart was predicted to

end the drive, but the Eagles' momentum prevailed.

Elkhart scored first on an 35 yard drive for a 6-0 lead, but Rogers blocked a punt, recovering it on the Elkhart 13, from which the Eagles hammered it across, and scored the extra point to take the lead they never lost, 7-6.

A bristling Eagle defense held off Elkhart drives as deep as the Rogers 27, another to Rogers 23, but held by sent innapay and recovering a fumble seconds before the game ended with a 14-6 win for Rogers.

A second-half Rogers touchdown and extra point clinched the scoreboard win before the Rogers defense nailed it down, absorbing Elkhart drives up to the final seconds of the game.

Elkhart had not lost to another

1-A club all year.

This Saturday night Coach Godwin's Eagles will meet a powerhouse that is the second highest 1-A scorer in the state with 420 points and lowest defensive yield-er in Class A football with only 53 points.

Offensive starters for Rogers will be ends Ray Sulak and Ray Schwertner, tackles Jim Richardson and Richard Green, guards Doyle Harris and Bill Sparks, center Donald Kotrla, quarterback David Sebek, halfbacks Jimmy Maynard and Clayton Walls, and fullback Mike Mayfield.

ROGERS DEFENSE

Defensive starters for Rogers will be ends Joe Martinez and Terry Ashcraft, tackles Louis Elkins and Sam Deavers, guards Richard Green and Ricky Royle or Cyril Gloria, linebackers Jimmy Mayfield and Doyle Harris, halfbacks Mike Mayfield and Ray Sulak and safety back David Sebek.

Wills Point offensive starters are: ends Donnie Dodson and Richard Davis, tackles Steve Steadman and Tim Sockwell, guards Wayne Langford and Danny Maples, center Jerry Barnett, quarterback Roy Dean, halfbacks Snokie Curtis and John Shepard, and fullback C. W. Wilson.

Defensive starters include David Teel at guard and Kirk Evans at tackle, and Tim Provenance at halfback.

Wills Point linemen average about 135 compared to Rogers' 170.

A large contingent of Rogers area boosters are expected to follow the Eagles to the quarter-final contest.

Quarterfinalist One-A Rogers Eagles

County Agent's Notes

Rules For Higher Cattle Income

By J. D. Moore

You can lower beef production costs and increase net income on beef cattle operations by following these practices, according to James Denton, Farm Management Specialist. 1. Selection of high gaining, performance tested breeding stock. 2. Crossbreeding. 3. Time of calving. 4. Hormones. 5. Temporary pastures. 6. Improved permanent pastures.

Research at the McGregor Livestock and Forage Research Center has shown that the difference in the gain between sires on a gain test will make a difference in the weaning weight of their calves.

For example, if one bull averaged 2 lbs. of gain per day on a gain test and another gained 3 lbs. per day on a gain test, then the calves sired by the high gaining bull would be estimated to weigh 20 more lbs. at weaning than those of the low gaining bull. This could mean added dollars of income over the useful life of the high gaining bull. If the better bull is kept in the breeding herd for five years and is bred to 33 cows that produced 95 per cent calf crops this would result in 142 calves. Since each calf is esti-

mated to weigh 20 lbs. heavier than those of the low gaining bull, his calves would be worth more at weaning assuming the calves from both sires are of equal value per lb. The 142 calves would weigh an estimated 2,840 lbs. more than if they had been sired by the low gaining bull. At 22 cents per lb. the extra 2,840 lbs. is estimated to be worth \$625 more. This is an added net income less the difference in cost between the low gaining and high gaining bulls.

WEANING WEIGHTS

Crossbreeding work in Texas has established the response of several traits to crossbreeding. One of the most important traits that responds to crossbreeding is weaning weights. Weaning weights of first-cross Brahman-Hereford calves have been found to be about 6 per cent greater than purebred calves from either of the purebred lines. If these first-cross heifers are bred to a purebred bull of another breed, the resulting calf will be about 10 per cent heavier than calves from either purebred breed.

Records indicate that the average weaning weight of calves in Milam County is about 400 lbs. If these calves had been first-cross hybrids, they would have

Convention Reports To Highlight MFB Directors Meeting

The regular monthly meeting of the board of Directors of the Milam County Farm Bureau will be held at 7:30 p.m. in the Directors Room of the county office on Thursday, Dec. 2, according to Miss Lenora A. Bickett, secretary-treasurer.

Following the directors meeting a general membership meeting will be held and delegates who attended the Texas Farm Bureau State Convention in Dallas will give their report on the meetings they attended at the Convention.

There were 799 voting delegates registered for the Convention with headquarters in the Adolphus hotel, Dallas. The total registration for the Convention including voting and non-voting delegates was 1535. Farm Bureau members from over the State of Texas.

weighed about 424 lbs. on the basis of the foregoing discussion. If these calves had been second-cross calves, they would have weighed approximately 472 lbs. These extra lbs. can be considered to be net income since it cost no more to produce these calves than it would to produce good quality purebreds. If these calves had a value of 22 cents per lb., the 24 lbs. would be worth \$5.28 while the 72 lbs. would have a value of \$15.84.

Report From Beef Shortcourse

Cattle Problems Created

Dr. C. M. Patterson highlighted the final meeting of the Milam County Beef Cattle Shortcourse Tuesday night, Nov. 23. He pointed out that cattlemen need healthy cattle to go with good management practices if maximum potentials are to be attained.

Dr. Patterson pointed out that some of our cattle problems are created. He listed nitrate poisoning as one of these problems. Three head of cattle were lost recently in the county from "Oat Hay Poisoning." Oat hay poisoning is not new according to Dr. Patterson. Nitrate poisoning was found on very fertile soils before commercial fertilizer applications and is not related to the use of fertilizer. Oats just happen to be one of the several plants able to pick up nitrates at a very rapid rate. Chlorophyll in sunlight can transfer nutrients into plant foods. Temperature has its effects on the chemical reaction of the plant. Water also affects the chemical process of plants changing chemicals into plant foods.

Just because leaves stop converting nitrates does not stop roots from picking up nitrates. More plant poisoning occurs in cattle at night because of these chemical unbalances, says Dr. Patterson.

The bacteria in cows' stomachs can be fed nitrates and will respond if you do not get a surplus. A higher level of nitrates

in a cow's stomach than the rumen bacteria can handle will cause adverse conditions.

Nitrate levels reach a peak in a grazing crop within 21 days after application. Usually within 4 or 5 days following the onset of favorable conditions.

A screening test for nitrate accumulation in plants is fairly simple and can be done with a 0.5 gram of diphenylamine in 20 milliliters of distilled water. Add sufficient sulphuric acid to make one hundred milliliters. Store in a brown bottle with a dropper stopper.

The test is made by placing a drop or two of the reagent on the plant tissue. A very light blue indicates a normal level of nitrates. A rapidly developing dark blue spot indicates a dangerous level of nitrates. All shades of blue in between are possible. Any material showing more than a very light shade of blue should be submitted to a laboratory for a quantitative analysis before being fed.

FARM MARKETING UP

Texas farmers and ranchmen received \$44.3 million during September from the sales of crops and livestock. Cash receipts, reported the Texas Crop and Livestock Reporting Service, were 17 per cent higher than for the same month in 1964. Crops furnished \$129.2 million and livestock and livestock products \$115.1 million of the total.

or grazed.

The Agricultural Analytical Forage Testing Service, College Station, will run the test at a cost of \$7.50.

4-H CLUB

The meeting of the joint Milam County 4-H Council was held Nov. 20 in the Baptist Fellowship Hall. The following officers were elected for the coming year:

Patsy Stephens, chairman; Kathy Harris, girls vice chairman; John Grimm, boys vice chairman; Madeline McClaren, secretary; Larry Jungmann, treasurer; William Sodd, parliamentarian; Kathleen Kostroun, reporter; Verle Malone, recreation chairman.

The By-laws Committee will meet the first Tuesday in January at 4 p.m. in the extension office with Larry Jungmann as chairman and William Sodd and Madeline McClaren serving on this committee.

Concession Stand Committee for the Junior Livestock Show was appointed and will meet on Tuesday, December 7 at the extension office at 4 p.m. The following members serve on this committee: Patsy Stephens is chairman and Verle Malone, Manula Mendosa, John Grimm, Sandra Barta, Elizabeth Nelson and Kathleen Kostroun Adult Leaders are Mrs. Robert Jungmann, Mrs. Lillian Nelson and Mrs. Shep McClaren.

Soil Texture Prime Fact In Water Use

COLLEGE STATION

Soil texture has much to do with cotton's utilization of irrigation and rain water, recent studies in Texas show.

Dr. C. J. Gerard and L. N. Namken, a soil physicist and soil scientist, respectively, at the Lower Rio-Grande Valley Research and Extension Center near Weslaco, have conducted experiments which show that water management requirements of cotton depend on soil texture and related growing characteristics of the plants.

Gerard said that on medium-textured soils, cotton develops an extensive root system able to extract water to depths of 4 to 5 feet. Moisture depletion patterns on fine-textured soils indicate that soil moisture extraction is largely restricted to the soil's upper 2 feet.

Summer rainfall, he said, often supplies enough water to produce 80 to 90 per cent of cotton yield potential on medium-textured soils. On the other hand, rainfall provides water for only about 60 per cent of yield potential on fine-textured soils.

Gerard and Namken are members of the Texas Agriculture Experiment Station and cooperators with the USDA.

4-H CLUB NOTES

On November 23, in the Extension office, immediately after school, the 1965 4-H Christmas Party Committee met to make plans for their Countywide 4-H Christmas party. Those present were: Larry Jungmann, Patsy Stephens, Betty Margaret Orr, Melvin Hollas, Robert Orr, Mrs. Robert Jungmann and Mrs. Hugo Hollas.

Decorating was set for 4 p.m. immediately after school. All 4-Hers will be invited to assist in decorating.

Adult leaders selected by the committee to prepare punch and coffee were Mrs. Jerry Kostroun, Mrs. Robert Jungmann, Mrs. Luigo Hollas and Mrs. Frank Hanel.

It was decided by the Christmas Committee that gag gifts ranging from 25 to 35 cents would be exchanged.

Volunteers and selections from the 1965 Council membership was made to plan party games and they were as follows: Betty Margaret Orr, Patsy Stephens, Melvin Hollas, Larry Jungmann, Robert Orr, Kathy Harris, and Madeline McClaren.

It was suggested that the St. Anthony 4-H Club take charge of name tags for the party.

The party will be held 7:30 p.m. Friday, December 17, in the Simon George Hall, Cameron.

OF Ben Milam

Correspondents in Most Milam Area Communities.
Subscription Rates: Milam Area: \$3.00 per year. Outside Milam County: \$4.00 per year.
Entered as second-class matter at the Post Office in Cameron, Texas, under the Act of Congress of March 1, 1879. Published every Thursday.

Era Of Grid Champions

Cameron's AA regional finalist Yoe-men have completed an excellent season, placing two standouts—Mack McKinney and Mike McDaniel—on one AA all-state lineup with many more to come. Cameron predictably will dominate all-district selections.

The Yoe example continues in the fantastic Milam area grid success of neighboring Buckholts and Rogers, the former headed for a second regional finals, the latter going into State A quarter finals. And O. J. Thomas competes in their regional. And Milano played a hard game against the Badgers here in the Bi-district Saturday night.

A search of the records shows that Cameron went to its first regional since the early 1950's, Rogers to the quarter-finals for the first time in history. O. J. Thomas to the first regional in its

history. Buckholts to its second and Milano to bi-district for the first time in recent school history.

So from Class B to Class AA, Cameron and Milam area teams have fared better collectively than in any previous year.

One could see a winning combination in Yoe football this year that is rare. Exceptional individual performance and exceptional team performance never seemed to get out of balance. Quality coaching was evident.

This balance has been struck in the other area teams where team strength continues while the great individual performance leads it. It will be many years, perhaps never again, when such a combination prevails at so many area schools at one time.

It is indeed an era of community and area grid champions.

Rogers Carrier Recalls 50 Years

By B. F. Harbourn
Rogers Correspondent

From 2 cents to 5 cents postage, from horseback days to 1966 automobiles—that's J. E. "Erie" Underwood, rural mail carrier out of the Rogers post office for 50 years, who retired after carrying the route Tuesday. Mr. Underwood has carried the route without interruption except for army duty in World War I. He once rode a horse for 60 carrier days without missing a day on a then 30 mile route. He said, "It was like riding a horse to Chicago and back." In more recent years he has carried "a 50-mile route. His wife is substitute carrier."

Mr. Underwood became a rural mail carrier on the recommendation of Tom Connally who was Congressman of the 11th Congressional District.

When first class postage was 2 cents, Mr. Underwood said the

carriers would usually carry \$1 worth of stamps. One day a customer met him at his box and asked for \$5 worth of 2 cent stamps. "Why, man, I never carry that many stamps," Underwood said. "What in the world do you want with so many?"

The man answered, "I have a daughter going off to college and there's no telling how much they will charge her for stamps in that city."

Mr. Underwood remarked to friends a short time back that about time "they get all the roads improved and out of the mud, I come along and retire." Years ago when the black mud of Central Texas was so bad on the rural roads the carrier would sometimes have to "take to the creek beds to find ground the horse could walk on."

Now when heavy rains force Elm and other creeks out of their banks, schools are closed and mail carriers cannot get through. But years ago, on horseback, Mr. Underwood says he rode on across the swollen creek "that the U.S. mail might go on." Once he was crossing on his pony when suddenly the horse slipped and the waters carried him off the bridge into perhaps 30 feet of water. Mr. Underwood was swept off his horse and recalls, "I swam on across the stream but was afraid my pony would swim back toward home and go on to Rogers. Fortunately for me and for the mail, the pony followed me on across the stream. The leather pouch protected the mail pretty well from the water, believe it or not, and I got back on the horse and finished the deliveries, wet clothes and all."

A friend told Mr. Underwood the other day he could fish all the time now. "Yes, I guess so," he said. And his friends know he will still be concerned about whether the mail gets through each day.

Dateline Austin

Welfare Laws Cut Federal Aid

AUSTIN

A long-standing residency restriction on state welfare recipients may cost Texas millions of dollars in federal medical care funds next year.

However, welfare officials maintain that Texas' position is little different from most other states, since only about four states can qualify immediately under "Title 19" of the extended Kerr-Mills medical care program.

Apparently, there are no plans afoot to speed up Texas eligibility through emergency legislation in a special session.

Lawmakers this year tried to anticipate changes in federal programs. They redefined eligibility in state law to include the blind, disabled and families with dependent children under medical care coverage. Their anticipatory state law becomes effective July 1, 1966, while congress later made federal expanded benefits effective January 1. At best, therefore, Texas will be six months late in taking full advantage of all new benefits available.

Texas law requires most welfare recipients to have lived in the state five out of the preceding nine years, the last year of which was immediately prior to the assistance application date. This law will further delay increased federal aid. "Title 19" of the federal act outlaws such residency restrictions for federally-supported medical care to those otherwise eligible.

Texas won't "lose" anything, according to State Welfare Commissioner John H. Winters, but actually will "gain" funds after

next July 1. But, he acknowledges, the gain would have been far greater had the five-year residency restriction been repealed by the 1965 state anticipatory act. Winters predicts the Legislature will act promptly to strike out the provision at its next session. States which fail to bring their laws in line with "Title 19" by December 31, 1969, will lose all federal matching money for medical care—and that's already more than \$40,000,000 a year in Texas.

POLL TAX CASE

A special three-judge federal court has under study whether the Texas poll tax should be repealed as a voting requirement.

Court heard case, brought by U. S. Atty. Gen. Nicholas Katzenbach under new voting rights act, here Wednesday (December 1).

Katzenbach contends poll tax discriminates against Texas Negroes because they earn less.

State Atty. Gen. Waggoner Carr counters that anyone who can't pay \$1.75 tax "is not intelligent enough or competent enough to manage the affairs of the government." There is no evidence of levy being used to discriminate against any voter or group, says Carr.

FEDERAL AID

New life is being breathed into Texas towns of 50,000 population or less.

A project called Urban Planning Assistance Program—fed with community initiative, state administration and federal money—is giving 120 Texas towns the opportunity to meet pressing population demands of the years ahead.

A total of 67 small cities have

completed plans under the State Health Department's Environmental Development Program, which oils the machinery of federal urban planning program. Another 59 are in the process of doing so.

Costs are paid two-thirds by the federal government. However, in distressed areas, the figure may go as high as three-fourths per cent.

The 67 cities already have used \$1,216,870 (59 more are spending more than \$40,239) to see where they stand in the area of service offered their citizens and services needed.

A city of less than 50,000 inhabitants may make application to the Health Department which submits the application to the U.S. Housing and Home Finance Agency. A third-party contract is drawn up with an engineering firm using federal and local funds.

Then, all the city need do is grow along the lines set forth.

BAR WANTS OVERHAUL

State Bar of Texas, hoping for a complete overhaul of the state's penal code, may complete studies in time to make recommendations to the 60th Legislature.

Proposals are being considered to avoid random operations resulting in long drawn-out controversies such as developed before the revised code of criminal procedures was adopted by the current Legislature.

Although the cost of making studies won't be especially large, representatives of the Bar say an adequate job will be done. Some of the Texas foundations operating in the field of education will be solicited for aid.

The Committee will use as a guide the American Law Institute's Model Penal Code that was completed and put into circulation more than a year ago.

UNITS DISMANTLED

Signs of the many National Guard units being dismantled by federal government are becoming more visible in Texas each day.

Seven or eight, or even more, armories soon are going to stand vacant because there will be no troops to use the facilities. Members of the Texas National Guard Armory Board are concerned over the disposal of the unused buildings.

Armories can't simply be sold at auction, because the federal government owns three-fourths of each one, and separate approval is required before the sale of each. Also, something will have to be done about 25-year maintenance contracts between the federal and state governments.

A possible solution is to give the Board the power to sell the armories without separate approval on each.

If this action isn't taken, the buildings might stand vacant several years, and become almost worthless.

There are more than 102 armories in Texas situated on land owned by the Board and 39 more buildings located on leased land. Total value of buildings now stands at \$16,844,271.

STATE PLAN CLEARED

U.S. Department of Health, Education and Welfare has approved Texas' state plan for construction of facilities for the mentally retarded.

State is eligible to receive up to \$516,183 to be used by next

OLD PHILOSOPHER

J. A. Really Doesn't Care About New Book On How Much He Ought To Sleep

Dear editor:

Right after my nap yesterday afternoon I pulled out a newspaper which I had found that morning on the road near this Johnson grass farm and which I picked up to do my part to help keep America beautiful. It's not that I think a newspaper blowing in the wind is so much worse than leaves doing the same thing, but you can't get around prejudice. A leaf-strewn lawn is one thing, but a Herald-strewn lawn would be another thing.

At any rate, after I had collected my senses from the nap I looked it over and ran into an article on sleep by a man in England who was described as "the world's foremost authority on sleep," and has written a book on it.

While I don't know how a man gets to be the top authority on sleep, at least I've never found sleeping something you had to study for. Any one-day-old baby can do it. I've been doing it for years, still what interested me about the article was his contention that people, if they try hard enough, can get by on a lot less than the customary eight hours a night. In fact, he said the eight-hour system is a carry-over from cave-man days when man didn't have any light and slept from sundown to dawn, and he was in favor of cutting it down to six hours and eventually to four hours.

Well now, I'll tell you, I believe that's one field where we don't need any outside advice or control. We just don't need any

June 30, and \$675,876 to be used by June 30, 1967. Each of 14 state areas has been assigned priority according to need for these services: diagnosis, treatment, education, training, custodial care, and sheltered workshops. Federal funds pay 50 per cent of cost.

Maybe some people need to be told how much or how little to sleep, but I've always gotten along on my own. If a man doesn't know when he's sleepy, and when he's through sleeping, or when he's hungry and when he's not, or when to sit down when he's tired and when to get up when he's rested, or when it's time to get a drink of water, I doubt if he can find much help in a book of directions. I sleep till I wake up, then stay awake till I go to sleep. Don't see how anybody can improve on that system.

Yours faithfully,

J.A.

Letters

Mr. Frank Luecke

The Cameron Herald
108 East 1st Street

Cameron, Texas

Dear Mr. Luecke:

Thank you for the prompt return of our squad picture which we sent you last week. Due to this picture we will be able to use it for this week's program.

We would also like to congratulate you and the people of Cameron on a very fine football team. We feel that we were very fortunate in winning this ball game and we hope to be able to represent our region well in our Quarter-Final game with Needville next Friday night.

Many thanks again for your help in giving this ball game good coverage in your newspaper.

Sincerely yours,

Robert Turner

Superintendent of

Schools, Bellville

Rogers Club Plans Annual Christmas Party For Children

ROGERS

In the regular bi-monthly meeting at Tuc's Restaurant Tuesday night, the Rogers Community Service Club with the president, Dean Gommert, in charge, set the annual Christmas party for children of the community for December 22, at 7 p.m.

The party will be held at the Volunteer Fireman's Hall downtown. All children of the larger Rogers community are invited. Fruit and candy packages will be handed out, and "Santa Claus" and "Mrs. Santa Claus" will be present to talk with the boys and girls.

The Rogers High School Band under the direction of Charles Conner will play a short concert at the party.

The Service Club is in the process of helping the Young Homemakers of Rogers in another Christmas project. The Homemakers are planning to give toys to children in underprivileged homes, and Club members are helping repair and paint the toys at the Fire Hall.

FARM OUTLOOK

1966 realized net farm income for the U.S. is now estimated at about \$14 billion by the Economic Research Service. An increase of more than a billion dollars over the 1964 figure and the highest since 1952. ERS adds that the outlook for 1966 is also good and further gain of \$1,250 to \$500 million is likely.

Obituaries

Services For Mrs. Whatley; Grocer's Widow

Mrs. W. T. Whatley Sr., 83, died at 9:35 p.m. Friday. Funeral services were held at 2 p.m. Monday from the Marek-Burns Funeral Home with Rev. Richard Freeman officiating. Burial was in Oak Hill Cemetery.

Mrs. Whatley was preceded in death by her husband and son, W. T. Whatley Jr., who were in the grocery business in Cameron for many years. She was born in Milam County July 28, 1882, and had lived in Cameron for the past 39 years. At the time of her death she was a resident of the Cameron Nursing Home.

Survivors include two daughters, Mrs. Jane Ruth Somerville of Flagstaff, Ariz., and Mrs. Mary Bess Sherrod of Galveston; three brothers, John Longmire and Tracy Longmire of Rockdale and Will Longmire of San Saba; four sisters, Mrs. Janie B. Rawls of Cameron, Mrs. T. T. Cook of Tanglewood, Mrs. W. A. Ehler of Wichita Falls and Mrs. J. D. Allen of Marble Falls; and two grandchildren.

Pallbearers were Gus Elley, Louis Elley, LaVert McKinney, Ladis Marek Jr., Hilliard Thomas, John B. Henderson Jr.

Services Here For Mrs. Wohleb

Mrs. Albina Wohleb, 79, died in a Temple hospital Thursday at 11:45 p.m. Born at Marak Feb. 2, 1886, she had lived in Milam County all of her life until moving to Temple 18 years ago.

Funeral services were held 10:30 a.m. Saturday in St. Monica's Catholic Church with Rev. John Geiser and Rev. Paul McCullum officiating. Burial was in St. Monica's Cemetery.

Rosary was recited 7 p.m. Friday at Marek-Burns Funeral Home.

Mrs. Wohleb is survived by three sons, Roy Wohleb and S. J. Wohleb of Cameron and Ernest Wohleb of Portland, Ore. three daughters, Mrs. Ray Robinson, Temple, Mrs. B. A. Alford, Austin, and Mrs. I. H. Olsen, St. Louis, Mo.; two brothers, Louis Mondrik, San Antonio, and Lincoln Mondrik of Cameron; four sisters, Mrs. W. R. Newton Sr. of Cameron, Miss Amelia Mondrik of Wharton, Mrs. F. W. Vanosdel, Compton, Calif., and Mrs. Steve Marak of Freeport; 15 grandchildren and 11 great-grandchildren.

Pallbearers were Clark Wohleb, Clifford Wohleb, Roy Wohleb Jr., Nolan Wohleb, Clem Wohleb and Allen Alford.

TAKE YOUR PROBLEMS TO CHURCH THIS WEEK

Millions Leave Them There!

WHAT DOES IT MEAN?

Frightening, isn't it? You see a picture like this and suddenly you feel as if you are standing at the edge of a chasm in the dark. You are confronted with the threat of the unknown, and you don't like it.

Why, you wonder, does it have to be like this? Why can't men live together in peace?

We all need the courage to face the unknown future unafraid. We need to find and to develop love, understanding, and peace of mind. But to attain our goal, we need help. That help can be found in the Church, which gives us Faith.

On World Wide Communion Sunday—millions of men and women will unite in solemn observance of one of Christianity's holy sacraments. There will be new faces at thousands of altars, men and women who have only recently begun to realize where man's Hope is to be found.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Matthew	26	26-31
Monday	Luke	22	14-27
Tuesday	John	17	15-23
Wednesday	1 Corinthians	11	17-22
Thursday	1 Corinthians	11	23-28

Courthouse News Be As Attractive As The Christmas Gifts You Wrap

THE FAMILY LAWYER

Can You Patent It?

Even in this era of large-scale research, a surprising number of inventions still come from the tinkering individual. Valuable patents are still being won by "basement inventors" ingenious enough to come up with something new.

However, to be entitled to a patent, an invention must be not only new but also—in the wording of the United States Constitution—"useful." What kind of an invention is useful?

First of all, it must be able to work.

One man invented a "perpetual motion machine," complete with a dazzling array of doodads and thingumabobs. But his invention was held not patentable because, being contrary to the laws of nature, it could not possibly do the job it was meant for.

Second, to qualify as useful, the invention must do something that is beneficial, not harmful, to society.

TESTED... APPROVED
OVER MILLIONS OF MILES
GUARANTEED TO STOP BATTERY TROUBLE WITH VX-6

★ makes old batteries stronger
★ makes new batteries last longer
★ gives brighter lights
★ gives all-weather instant starting
★ gives increased power

MAKE THIS 10-SECOND BATTERY CHECK TODAY
Raise the hood of your car and look at the battery. A green or white film around the battery or terminals means sulphation and sulphation means your car's battery is dying. You need VX-6 immediately, or you will soon have to spend money for a new battery. If there is no sulphation, you can prevent it by adding VX-6 now—it takes just a minute to increase the life of your battery by years. VX-6 is backed by an unconditional money-back guarantee, for 6 or 12 volt batteries.

H. M. BOWLEY
Distributor
OX 7-3025

Thus courts have denied patent rights to a device for faking the quality of tobacco leaves, and to a gadget for "curing" disease by mysterious vibrations. Both inventions were found to be useful only for the purpose of cheating—hence, not useful in the Constitutional sense.

What if an invention, while useful for evil, is also useful for good? That is enough basis for a patent.

For example, an improved pistol could be patented. Although an instrument for evil in the hands of a robber, it could also be an instrument for good in the hands of a policeman.

A third requirement, for an invention to be considered useful, is that it must be more than a mere frivolity.

Of course, what is frivolous to one generation might not be to the next. A century ago a federal court said that a hoop skirt could not be patented, because it had no serious value to society. But today's courts are not likely to be that prim and proper.

As for what might be called "odd-ball" inventions, the Patent Office generally takes a tolerant view. For instance, it has issued patents for an automatic hat-tipper, a shield for grapefruit-eaters, and a gun for shooting down flies.

For who can be sure that the oddity of today won't be the success of tomorrow? Wise men scoffed, too, at Alexander Graham Bell's talking toy—one of the most useful, and profitable, inventions of all time.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

WATER MANAGEMENT

Farmers who can reduce runoff from upland fields and store an increased amount of water in the root zone of the soil for plant use, have an excellent chance of increasing crop yields. Such management, say Extension agronomists at Texas A&M University, of water on cultivated land, involving neither irrigation nor drainage, may produce greater benefits than from these more spectacular measures.

SAN GABRIEL-

By Mrs. H. H. Linke

Bobby Evans has been recalled by the Houston Oilers from their farm club in Mobile, Ala. He and Carlene flew to Houston Wednesday night where Bobby rejoined the Oilers. He left immediately with the club to play ball in Kansas City Sunday, and then Monday he and Carlene came to Rockdale for an overnight visit with her parents, Mr. and Mrs. Jim Stewart.

Kathern and Johnny Limmer of Pasadena spent the holidays with his parents, Mr. and Mrs. Buddy Limmer.

Mrs. F. W. Worley spent Thanksgiving day in Troy with Dorothy and H. D. Kay.

Virginia and David McMillan, Cindy and John of Houston were weekend guests of Mr. and Mrs. Hugh McMillan.

Mr. and Mrs. Johnny Clark and family of Baytown were guests of her parents, Mr. and Mrs. Harry Gambill and Elaine over the weekend.

Mrs. Betty Harrison spent the holidays with her daughter, Mrs. Dorothy Cast in Freeport.

Tim Worley, a student at the Baptist Academy in San Marcos, spent from Wednesday until Sunday with his parents, Mr. and Mrs. L. L. Worley and Kit. Tim and his dad went deer hunting Thursday and Friday on their lease near Burnet.

Mr. and Mrs. Ralph Heisch motored to Bellville Thursday for a Thanksgiving dinner with Ralph Paul, Alice and Linda.

Those having Thanksgiving dinner with Mrs. Bill Clark were Mrs. Gladys Stigall and Bob of Austin. Mr. and Mrs. Gus Clark and John of Houston, and Mr. and Mrs. Tom Wilson of New Gulf.

Doris Haupp came down Wednesday to get her mother, Mrs. Lillian Garner, to spend the holidays in Fort Worth and Dallas with her children. There were 26 of Mrs. Garner's family together for Thanksgiving dinner at the Jack Stiles home in Dallas. Doris and Johnny Haupp brought Mrs. Garner home Saturday.

BUY FERTILIZER EARLY

If storage is available, it will usually pay to purchase fertilizer in the late fall or early spring. A major reason—fertilizer is cheaper in the fall than at planting time. It also insures getting adequate supplies of the plant foods needed. In many sections of the state the problem of storage can be eliminated by applying the fertilizers after crops have been harvested. Research conducted by the Texas Agricultural Experiment Station indicates that crop yields following fall or early winter application of fertilizer are little different from spring applications.

COLLEGE STATION

Many women spend more time and thought on Christmas gift wrappings and gifts than they do on their own holiday appearance.

But they should attempt to make themselves as attractive as their Christmas gifts, says Mrs. Lynn Stiles, Texas A&M University Extension consumer education specialist.

Even small children are aware of how their mom looks. They like to see her with a becoming hair style, wearing a flattering shade of lipstick and a crisp dress in a nice color. They notice, too, when she looks tired and hurried.

Homemakers should resolve right now that they won't fall into the trap of being so busy with shopping for gifts and preparing and cooking holiday foods that they neglect their hair and skin,

the specialist suggests.

Hair requires special care. Winter hazards affecting it are the constant pressure of hats and scarves, the drying effects of heated rooms, and the harsh weather. Even normal hair may become dry and brittle. An oil treatment before the weekly shampoo can do much to relieve this condition.

For the oil shampoo, warm half a cup of baby oil or salad oil, and use cotton balls to soak the roots of the hair with warm oil. Part the hair at intervals to expose the scalp. Wrap the head in a towel for 15 to 20 minutes. Then shampoo, using three latherings instead of the usual two. The hair should show more life and gloss after two such treatments.

Keep your skin clean and glowing. Take time to do your nails. Remember that a pretty mother is

as much of a gift to the children as toys and games, says Mrs. Stiles.

BUCKHOLTS-

By Mrs. J. W. Meyer

BUCKHOLTS

Mr. and Mrs. A. W. Zajicek have had as guests their son and family, Mr. and Mrs. A. W. Zajicek and children of Houston.

L. A. Svetlik Jr. of Fort Worth visited during the holidays with his parents, Mr. and Mrs. L. A. Svetlik Sr.

Mr. and Mrs. Buck Raney and children have been guests of his parents, Mr. and Mrs. C. S. Raney.

Mr. and Mrs. E. B. Hyer have had as guests their son-in-law and daughter, Mr. and Mrs. Bruce Story of Houston.

Mr. and Mrs. J. W. Mey have returned after visiting in Irving where they were holiday guests of their son and family. Mr. and Mrs. John R. Meyer and children and in Dallas as guests of her brother's family, Mr. and Mrs. S. W. Ritchie and sister, Miss Smithie Ritchie.

Guests of Mr. and Mrs. Herman Fuchs have been, their sons and families, Mr. and Mrs. Floris Fuchs and children, Debra, Larry and Daryl of La Grange, and Mr. and Mrs. Curtis Fuchs and son, Michael Wayne of Bryan.

Mr. and Mrs. J. D. Lewis' guests have been Mr. and Mrs. Olive Grilbert and Mrs. Floyd Lewis of Austin, also their daughter's family, Mr. and Mrs. Bill Gause and children of Gause.

MAYSFIELD NEWS—

By Mrs. J. P. Wise

MAYSFIELD

Holiday guests of Mrs. W. C. Cooper were her grandson, Mac Newton of Stephen F. Austin College at Nacogdoches, and Miss Eula Cooper and Miss Vivian Adams of Victoria.

Mr. and Mrs. Judson McKelvey and children of Austin and Mr. and Mrs. Bryan Floyd and children of Rockdale visited in the Dock Thewatt home during the holidays.

Mr. and Mrs. Elliott Atkinson and son of Shreveport, La., and Mrs. John Atkinson of Waco, Mrs. Ben Atkinson of Austin, Mrs. Florence Turch of Austin and Miss Lillian Atkinson, Cameron, and Mrs. John Smithers of Huntsville spent Thanksgiving in the old Atkinson home near Maysfield.

Mrs. Doris Gleason and grandson, Randy of Freeport, Mr. and Mrs. Tommy Gleason and children of Houston, and Miss Mary White of Dallas spent the holidays with their mother and grandmother, Mrs. Vina White.

Mr. and Mrs. J. P. Wise returned Tuesday from a two-week visit with friends and relatives in Kingsville and Mercedes.

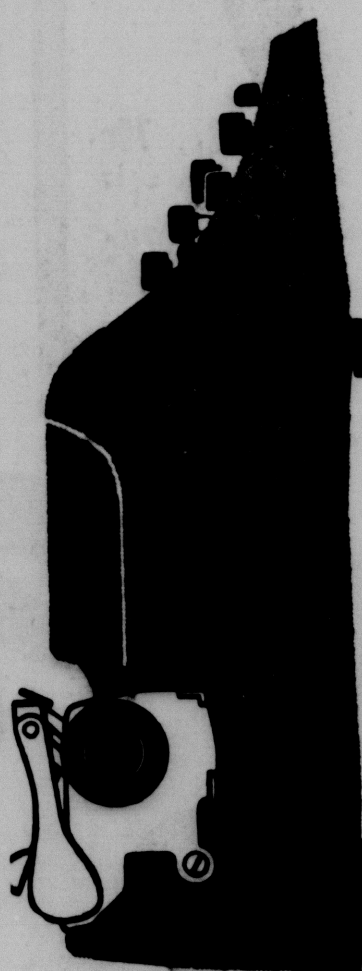

Mr. and Mrs. Bob Newton of Austin visited his parents, Mr. and Mrs. Roy Newton, Thanksgiving.

DID YOU KNOW THAT?

The first capital building at Austin was partially built from logs and sawn lumber obtained at Bastrop, in the heart of the Lost Pine area, according to the Texas Forest Service. Today, wood production from the pine-hardwood area furnishes much of the economic life blood of the state.
